

How to Join Google Class Room

1. Student must have his own Gmail account
2. Login to Gmail account

Type in Gmail login in the browser

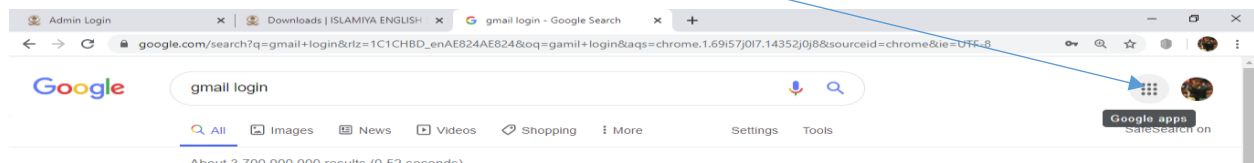

Click on sign in button

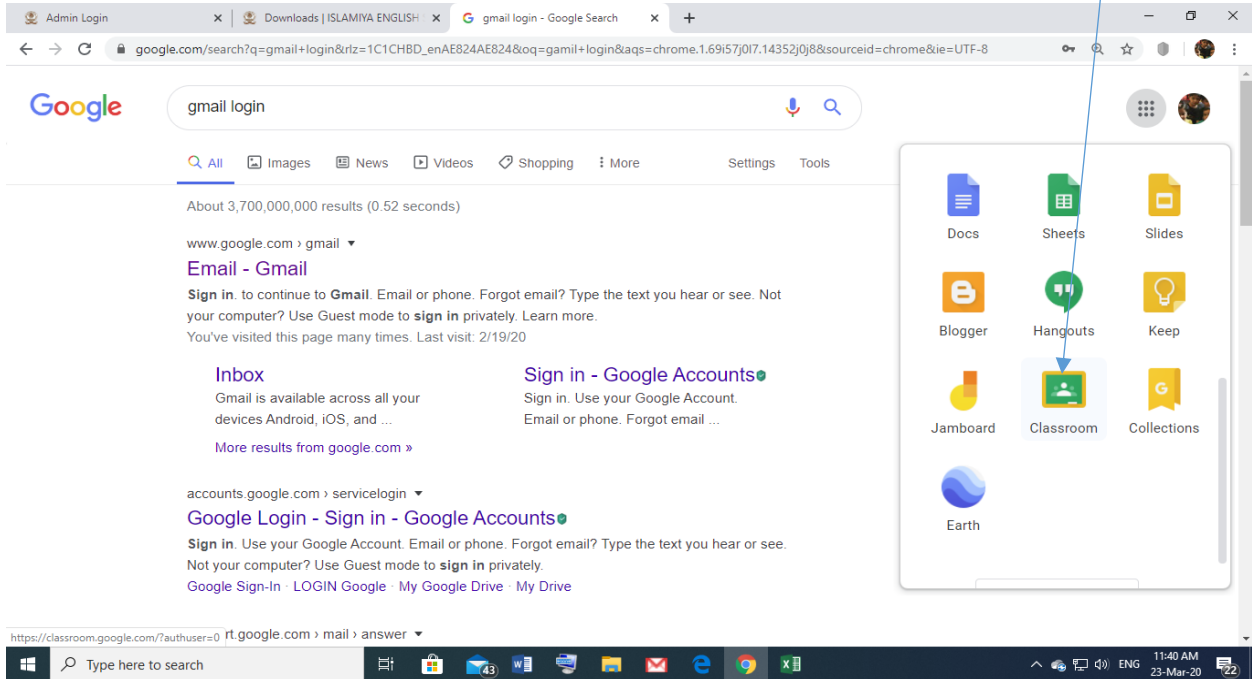

- It will ask you enter your email and password

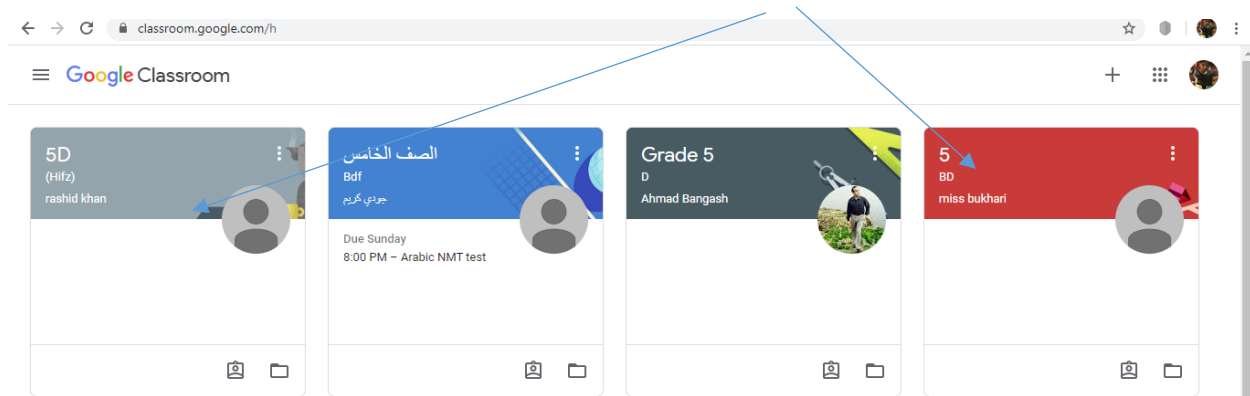

Then click on google apps icon

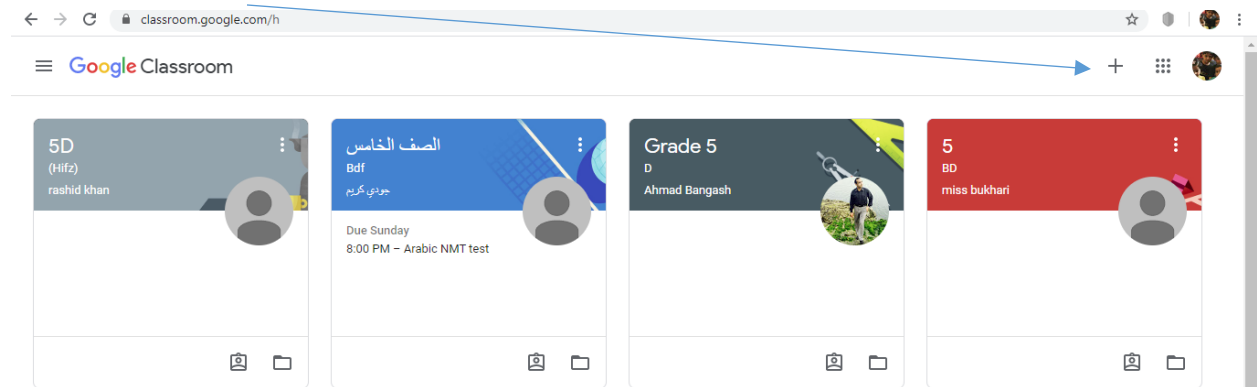

When you will click on google apps, it will open a number of options, from this click on google classroom

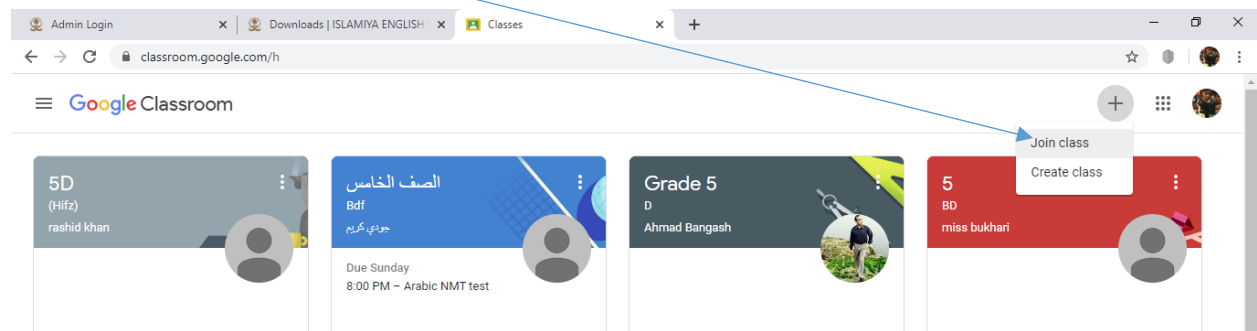

After clicking on google classroom, you will get the list of classes like this

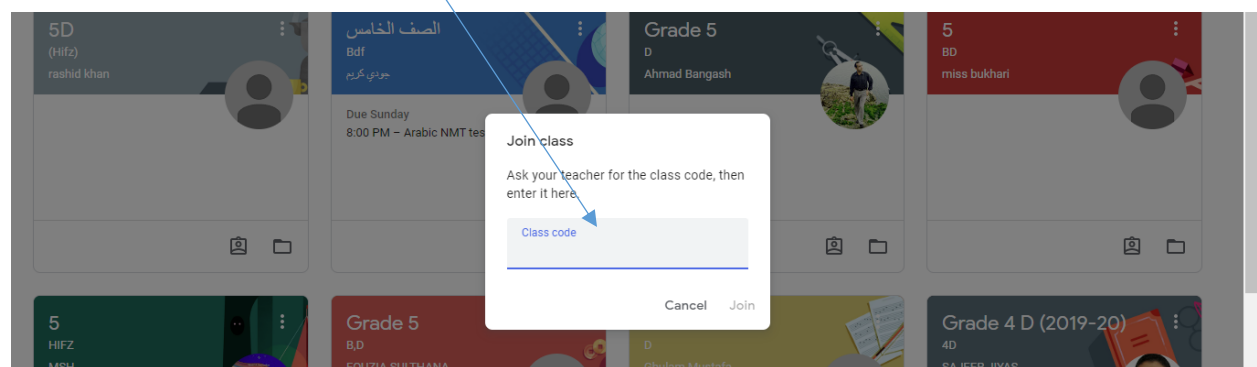

Now click on + sign

Then click on join

Enter the class code you want to join here

After entering the class code you will become the member of the particular subject class, like this you again click on + sign and enter the other subject code and repeat for all subjects

Codes are already uploaded on web site.
